Yawn...
Is taking this much really alright?
Yeah.
We're supposed to share with the whole neighborhood.
It's a real lifesaver for a big family like ours, isn't it?
Okay~!
Please bring out the meat from the refrigerator.
It's been a while, so let's have hotpot today.

Where are old ship classes like us going to go?
Sometimes I wonder.
It's way livelier here these days, compared to when we first took our posts.
We've got a lot of new girls now.
How am I supposed to respond to something like that, kuma...
Aha ha..
Sorry.
Who cares?
There's nothing admirable about just being new kuma..
Light cruisers are light cruisers.
We'll just do our jobs, kuma.
Yeah.
